## SENATOR GORE SPEAKS BEFORE ADVERTISING CLUB

T. P. Gore, United States senator from Oklahoma, was the principal speaker at the regular weekly meeting and luncheon of the Tulsa Advertising club, held at Hotel Tulsa Tuesday noon. Other speakers were R. L. Davidson, state senator, and W. O. Buck, director of the Victory Liberty loan organization.

Senator Gore told of his views on various measures of national and state importance and explained why he had opposed government ownership of railroads, telephone and telegraph lines. He pointed out that the local federa building had been enlarged by the city of Tulsa and that he would see to it personally that this structure is enlarged.

Senator Gore also stated that he had insisted on the restoration of the old postal rates to take effect June 30. He also pleaded with the Ad club to take an interest in the national campaign against the extensive expenditure of national funds.

Senator Davidson proposed the \$10,000,000 bond roads bond bill and asked support for the measure.

W. O. Buck, president of the City club, addressed the club in regards to the necessity for supporting the campaign for which was launched Tuesday. He stated that America had proven that nothing is impossible for this country and that the last loan must be put across in the same manner as those of the past.

## FRENCH PAPERS DENY CONFLICT ON PAYMENT

## LITTLE CHANGE POSSIBLE IN PRICE OF CLOTHING

PARIS, April 8.—The views of President Wilson's attitude on French claims before the peace conference put forth by "Certain American citizens" are denied by the Matrix, to be entirely fantastic.

President Wilson, the Matrix says, is conscientiously studying the final draft of the preliminary peace. The American delegation, however, has no definite attitude, although the

French delegation has declared that there are differences between the French and American delegations especially regarding financial questions, as has been declared.

The Paris newspapers have a while ago taken the view that it will be several days before the work of the conference will be completed.

It is believed that the American delegation will make an agreement with the French delegation.

They predict that the negotiations will take place within 14 or 20 days, however.

According to the Matrix, the plan for a buffer state at the mouth of the Rhine has been abandoned, the handing over of Alsace to the Poles probably to be adopted.

The American delegation has agreed that the solution of the赔款 question reached by the conference provides for complete reparation.

The plan, it adds, calls for the annual meeting of an international commission to decide upon the sum
